NOW'S THE TIME TO WIN BONUS VOTES AND COMPETITIVE BALLOT

Candidates are Planning to Make the Most of Every Minute During this Period of Big Contest.

Positively the Largest Special Vote Offer of the Contest ---Pay no Attention to Rumors.

TODAYS' PROVERB. PLOW DEEP AND YOU WILL HAVE PLENTY OF CORN.

Some are thinking how they can win one of the competitive ballots, while others are thinking of the final count and wondering if they will receive the automobile.

But the real live ones are busy each day looking after subscriptions; they know that is what counts and are planning on making the most of the best special offer.

Competition is strong in this contest and if you let up for a single day you are bound to drop a notch toward the bottom.

Maybe you had a lead on the other contestants last night. Maybe you will lose that lead before another 24 hours have passed. You never know that you are really ahead until the final roll has been called and the judges have made their awards.

DON'T BE BLUFFED.

Whatever you do don't let the other fellow slip something over on you and induce you to give up the game by some bluff story that he has a few million votes up his sleeves he is going to try and make you believe this. Are you going to?

The big prizes will go to the contestants who go right ahead, fight their own fights and do it a little harder than any of the others. Persistence tells the story.

Maybe the other contestants saw all their friends in a week. Maybe you did. If that the case get busy and make some new ones. Manufacture them for contest purposes. Never have a better chance to use them. You need their help right at this time, to win one of the competitive ballots.

James Edwin Beisel, the infant son of Mr. and Mrs. Henry Beisel of 212 Lookout avenue, died Wednesday morning at 4 o'clock. SPROWLS FACTION WINS

Lewis Backers Decisively Overwhelm the Former, Donora Leaders at Election.

The Anti-Ferguson Purchase faction of the Republican party of Donora won a decided victory in the election Tuesday when it succeeded in naming two candidates for council and two members of the school board. William J. Delaney for council was the only candidate of this wing of the party to be defeated. He lost out to John W. Beeler by a small margin.

In the contest for school director John B. McCune, the Anti-Ferguson Purchase candidate, who tied Orlion G. Frazier for the Republican nomination at the primaries and then won the nomination on the toss of a coin before the county commissioners, again defeated Frazier Tuesday by the narrow margin of nine votes, Mr. Frazier being a candidate on the Democratic Citizens ticket.

The election is interpreted to mean the downfall of the faction of the Republican party which has for several years dominated affairs political there under the leadership of Dr. J. Add Sprowls. It is a victory for that faction of the party headed by Dr. W H. Lewis and a number of othe. young Republicans of Donora.

DANIEL BOONE AND HIS TRIBE TONIGHT

'Daniel Boone on the Trail' comes to the Coyle theatre tonight. It is a romantic story of pioneer days in Kentucky. This is a brand new production throughout. Manager Harris has gone into every detail to make this production a lasting one. Col. J. W. Clinton has been engaged to play the role of Daniel Boone because of his striking appearance and figure, and the Colonel falls easily into the role of this famous hunter. Another engagement worthy of note is Rolling Thunder, the only clever Indian actor on the stage today. The falling of the snow, the burning of the last stick of wood, the coming of the wolves and Boone's fight for life with them in full view of the audience is thrilling in the extreme. A number of full blooded Sioux Indians in the play make "Daniel Boone on the Trail" a complete production in every respect.

More Phantoms, Perhaps.

R. E. Koehler, of Donora, passed through Monongahela today noon on his way to Washington with the returns for the Donora borough. The vote in the big upriver borough was very heavy, 425 votes being polled in one ward, and 543 in the other. Mr. Koehler, who is judge of election in his voting district, had to make out 145 qualification papers yesterday in order to allow citizens to vote who had not registered.—Monongahela Times.

Mrs Louis Bertram has returned from Chicago, where she was called to attend the funeral of her father.

Sample of New Form Prepared by District Attorney Acheson.

MUST MAKE AFFADAVIT

Not Mere Oral Examination by Court, But Sworn Written Statement.

In the new form of constable's returns, one of which Chief of Police Albright has in his hands, much of the so-called trouble with the returns heretofore known as "The Blind Men's Parade" will doubtless be obviated. The returns are in printed form, with questions to be answered in blanks prepared for the purpose. If there is any violation of the law that the constable is aware of he is required to make a written report of such, giving the names of the the witnesses, and whatever other data they must have. The forms were prepared by District Attorney C. L. V. Acheson. The constables have been in the habit of making oral reports to the court every quarter, and this has gradually developed into a general nuisance and mere waste of time and money, because of the lack of any direct results. It was not often that any constable even reported a bad road.

There are 30 questions to be sworn to by the constables, concerning every possible violation of the law in his territory, and a blank is given him for any further information he may have. The names of the offenders, he must give.

The first eleven questions deal with the sale of liquor and the violations. The licensed hotels must be named, and the offenders of the various sections of the license law are to be noted The conditions of the roads and the existance of gambling or disorderly houses are to be contained in the returns. Any knowledge of any person wagering on an election, carrying concealed weapons, selling to any minor under 16 years of age firearms or toy weapons; furnishing tobacco to persons nuder 16 years of age; cigarets or cigaret paper to any one under 21 years old; or any pool room manager allowing any person under 18 years of age in his place; selling or giving away injurious drugs must be reported. Other questions to which he must swear are concerning the destruction, defacing of sign boards; the sale of oleomargerine; disturbance of the peace at elections, or any violation of the election laws; volation of the game laws and violations of the fish laws.

The constable after he has prepared the returns must swear to the following, "that the foregoing return is correct and true, to the best of my knowledge and belief, and that I have visited, at least once in each month since the last returns all places within my jurisdiction where liquors are sold, kept and brewed, (except stores kept by druggists or apothecaries) for the purpose of ascertaining whether the provisions of the several acts of Assembly relative to the furnishing or sale of liquors have been violated or are being violated, and that I do not know of any violations of the liquor laws or of any other laws of the Commonwealth of Pennsylvania within my jurisdiction except such as are reported in the foregoing return, or such as have already been prosecuted."

Lewis Wallac of Pittsburg is spending the day in Charleroi transacting business.

Spokane's Way.

A dispatch from Spokane, Washington, tells of a novel plan adopted in that county for the purpose of putting down lawlessness. There farmers, ranchers, orchardists and residents in every settlement in the county have been enlisted in the service of Sheriff Fred McK. Pugh to capture lawbreakers. The bailiwick has been so thoroughly organized that it is almost impossible for a criminal to escape, the purpose being to reduce crime to a minimum and thus save life and property.

The plan, perfected by Thomas E. Heddle, office deputy, consists of a map of all the suburban and farmers' private telephone lines in the county with more than 1,300 instruments, exclusive of 18,000 instruments in Spokane and an independent system with 10,000 'phones to be completed in June. If a crime is committed in the city or in an outlying district the sheriff will be able to communicate with persons near the scene, advising them to be on the lookout in the event the lawbreaker escapes.

Ten thousand residents in various parts of the county have entered into an alliance with Sheriff Pugh and the telephone companies will co-operate with the officials in placing "clear lines" at their disposal by day and by night. The sheriff has also received offers from scores of farmers and stock raisers in adjoining counties to co-operate with him in his work of apprehending wanted persons, and it is believed this will have the effect of reducing crime to the lowest point.

Something of this nature could be devised in Washington county. The interior of the county is traversed with farmers' and independent telephone lines, the most of which have connection with the Bell system, which communicates with the populous centres. The Mail suggests that District Attorney Acheson and Sheriff Murphy take this matter in hand and formulate plans for a similar system in this county for the capture of lawbreakers. Had some such alliance as this existed the murderer of the three miners near Midway recently could not have effected his escape so easily.

THE CAUSE OF COLDS

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and trengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguard of the body's general health.

An excellent aid in the prevention of coughs, colds, pneumonia, and such like infectious diseases, is a remedy that will prevent or cure catarrh.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such medicine to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone prices 50 cents and $1.00. Sometimes a 50 cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles.

You can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

Hennings' Drug Store

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

DEFEATED CANDIDATE MAY FIGHT JUSTICE ELECTION

Thinks Ballot Box Opened With Shovel Remained Open all Day.

ELECTION JUDGE'S DENIAL

Says That Staples Were Driven in Again After they Had Been Withdrawn.

Claiming that the ballot box of the third precinct was open all day on election day Robert P. Fitzgerald, the Democratic candidate for justice of the peace who was defeated by 27 votes by the Republican candidate, John Jenkins, expects to go to Washington Friday to enter proceedings to contest the election, and try to have the third precinct votes all thrown out. Mr. Fitzgerald claims he has sufficient evidence to prove that the ballot box remained open all day. Fraud is not charged. Mr. Fitzgerald said this morning:

"I have evidence to show that upon the opening of the polls Tuesday morning, Constable George Stablein from lack of the key to the box tore off the hinge with a shovel. The old ballots were taken out, but the box was not again locked, and remained open all day. Constable Stablein had no right to open the box in that manner, and it is upon this action that I intend to contest the election. He should have come to the second precinct and secured the key with which to open the box."

Mr Fitzgerald stated that he expected to engage Attorney William Parker of Washigton in his fight. He said that he had been advised by Assistant District Attorney T. H. W. Fergus to begin proceedings at once.

Joseph Haube, the judge of the third precinct, in an interview stated positively this morning that the ballot box had not been left open all day and said:

"The box was brought from Justice of the Peace Rice's residence on Tuesday morning shortly before time to open the polls. It was discovered that the key was missing, and because of the little time left, Constable Stablein procuring a shovel pried out the staples on the hinge. The old ballots were taken out and burned, and the staples were pounded in again as previously. The box remained tightly closed all day long, and furthermore was in plain sight of all voters. The box was opened in the same way at night, to count the votes."

The inspectors of the third precinct are Robert M. Wood and Andrew Chacko and the clerks were J. K. Brumbaugh, and Louis Heffran.

SPROWLS FACTION WINS

Lewis Backers Decisively Overwhelm the Former, Donora Leaders at Election.

The Anti-Ferguson Purchase faction of the Republican party of Donora won a decided victory in the election Tuesday when it succeeded in naming two candidates for council and two members of the school board. William J. Delaney for council was the only candidate of this wing of the party to be defeated. He lost out to John W. Beeler by a small margin.

In the contest for school director John B. McCune, the Anti-Ferguson Purchase candidate, who tied Orlion G. Frazier for the Republican nomination at the primaries and then won the nomination on the toss of a coin before the county commissioners, again defeated Frazier Tuesday by the narrow margin of nine votes, Mr. Frazier being a candidate on the Democratic Citizens ticket.

The election is interpreted to mean the downfall of the faction of the Republican party which has for several years dominated affairs political there under the leadership of Dr. J. Add Sprowls. It is a victory for that faction of the party headed by Dr. W H. Lewis and a number of othe. young Republicans of Donora.

DANIEL BOONE AND HIS TRIBE TONIGHT

'Daniel Boone on the Trail' comes to the Coyle theatre tonight. It is a romantic story of pioneer days in Kentucky. This is a brand new production throughout. Manager Harris has gone into every detail to make this production a lasting one. Col. J. W. Clinton has been engaged to play the role of Daniel Boone because of his striking appearance and figure, and the Colonel falls easily into the role of this famous hunter. Another engagement worthy of note is Rolling Thunder, the only clever Indian actor on the stage today. The falling of the snow, the burning of the last stick of wood, the coming of the wolves and Boone's fight for life with them in full view of the audience is thrilling in the extreme. A number of full blooded Sioux Indians in the play make "Daniel Boone on the Trail" a complete production in every respect.

More Phantoms, Perhaps.

R. E. Koehler, of Donora, passed through Monongahela today noon on his way to Washington with the returns for the Donora borough. The vote in the big upriver borough was very heavy, 425 votes being polled in one ward, and 543 in the other. Mr. Koehler, who is judge of election in his voting district, had to make out 145 qualification papers yesterday in order to allow citizens to vote who had not registered.—Monongahela Times.

Mrs Louis Bertram has returned from Chicago, where she was called to attend the funeral of her father.

Sample of New Form Prepared by District Attorney Acheson.

MUST MAKE AFFADAVIT

Not Mere Oral Examination by Court, But Sworn Written Statement.

In the new form of constable's returns, one of which Chief of Police Albright has in his hands, much of the so-called trouble with the returns heretofore known as "The Blind Men's Parade" will doubtless be obviated. The returns are in printed form, with questions to be answered in blanks prepared for the purpose. If there is any violation of the law chat the constable is aware of he is required to make a written report of such, giving the names or the the witnesses, and whatever other data they must have. The forms were prepared by District Attorney C. L. V. Acheson. The constables have been in the habit of making oral reports to the court every quarter, and this has gradually developed into a general nuisance and mere waste of time and money, because of the lack of any direct results. It was not often that any constable even reported a bad road.

There are 30 questions to be sworn to by the constables, concerning every possible violation of the law in his territory, and a blank is given him for any further information he may have. The names of the offenders, he must give.

The first eleven questions deal with the sale of liquor and the violations. The licensed dealers must be named, and the offenders of the various sections of the license law are to be noted The conditions of the roads and the existance of gambling or disorderly houses are to be contained in the returns. Any knowledge of any person wagering on an election, carrying concealed weapons, selling to any minor under 16 years of age firearms or toy weapons; furnishing tobacco to persons nuder 16 years of age; cigarets or cigaret paper to any one under 21 years old; or any pool room manager allowing any person under 18 years of age in his place; selling or giving away injurious drugs must be reported. Other questions to which he must swear are concerning the destruction, defacing of sign boards; the sale of oleomargerine; disturbance of the peace at elections, or any violation of the election laws; volation of the game laws and violations of the fish laws.

The constable after he has prepared the returns must swear to the following, "that the foregoing return is correct and true, to the best of my knowledge and belief, and that I have visited, at least once in each month since the last returns all places within my jurisdiction where liquors are sold, kept and brewed, (except stores kept by druggists or apothecaries) for the purpose of ascertaining whether the provisions of the several acts of Assembly relative to the furnishing or sale of liquors have been violated or are being violated, and that I do not know of any violations of the liquor laws or of any other laws of the Commonwealth of Pennsylvania within my jurisdiction except such as are reported in the foregoing return, or such as have already been prosecuted."

Spokane's Way.

A dispatch from Spokane, Washington, tells of a novel plan adopted in that county for the purpose of putting down lawlessness. There farmers, ranchers, orchardists and residents in every settlement in the county have been enlisted in the service of Sheriff Fred McK. Pugh to capture lawbreakers. The bailiwick has been so thoroughly organized that it is almost impossible for a criminal to escape, the purpose being to reduce crime to a minimum and thus save life and property.

The plan, perfected by Thomas E. Heddle, office deputy, consists of a map of all the suburban and farmers' private telephone lines in the county with more than 1,800 instruments, exclusive of 18,000 instruments in Spokane and an independent system with 10,000 'phones to be completed in June. If a crime is committed in the city or in an outlying district the sheriff will be able to communicate with persons near the scene, advising them to be on the lookout in the event the lawbreaker escapes.

Ten thousand residents in various parts of the county have entered into an alliance with Sheriff Pugh and the telephone companies will co-operate with the officials in placing "clear lines" at their disposal by day and by night. The sheriff has also received offers from scores of farmers and stock raisers in adjoining counties to co-operate with him in his work of apprehending wanted persons, and it is believed this will have the effect of reducing crime to the lowest point.

Something of this nature could be devised in Washington county. The interior of the county is traversed with farmers' and independent telephone lines, the most of which have connection with the Bell system, which communicates with the populous centres. The Mail suggests that District Attorney Acheson and Sheriff Murphy take this matter in hand and formulate plans for a similar system in this county for the capture of lawbreakers. Had some such alliance as this existed the murderer of the three miners near Midway recently could not have effected his escape so easily.

THE CAUSE OF COLDS

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and trengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguard of the body's general health.

An excellent aid in the prevention of coughs, colds, pneumonia, and such like infectious diseases, is a remedy that will prevent or cure catarrh.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such medicine to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone prices 50 cents and $1.00. Sometimes a 50 cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles.

At the rate of four hundred per day, Youngstown will soon be converted by Billy Sunday.

To see Uncle Joe Cannon, 70 years and a new cigar young, and President Taft, 150 spans and a new belt around, tripping the light fantastic, would look sort of odd if nothing worse.

Advice to the city man to go back to the farm may be all right, and well timed, but who's going to give him his salt while he is learning how to hoe potatoes without cutting off the roots, and how to shuck corn, and when to mow his oats?

Many young women may be led to the stage through the announcement of the weddings of so many actresses with millionaires.

Washington's and Lincoln's birthdays come so close together that we can celebrate them both at a time without any extra arrangements.

Hennings' Drug Store

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
